SettleIT™
POWERED BY INFOTRACK

Your trusted one-stop solution for all property matters

What is SettleIT?

SettleIT is a simple, easy-to-use platform which allows firms to outsource the administrative work associated with settlements and lodgments.

With over 100 years of collective professional experience, SettleIT provides users with full visibility on their matters every step of the way, as well as support and guidance on property related dealings across most Australian jurisdictions.

How SettleIT can assist you:

Electronic Settlements

Electronic Lodgments

Stamping

Registry Plan Lodgments

Why use SettleIT?

✓ Verification of identity service to verify your clients remotely

✓ No need to register or be trained on ELNO platforms like PEXA or Sympli

✓ Expand your business reach across interstate borders

✓ Utilise an experienced and dedicated legal team to guide and advise on your lodgments and settlements

✓ Increase capacity without increasing headcount

✓ Save time and make more money
